

Selwyn Lodge Furniture

Ron Carter OBE RDI set up a furniture design studio in Leigh on Sea for the design and manufacture of one off furniture pieces for his discerning clients. In 2008 we took over his old premises. We also provide a select number of furniture pieces as a spin off from our main 3d Retail Operations. We specialise in the creation of bespoke tables, manufactured in the UK, for your premises whether it's your home or office. *What size do you need?*

The key to our products is the use of IKEA legs, plus the non-compromised table top materials. The photograph below is one of our samples with a matt finish. See link below for Table Leg options.
